

As many will know a Community Archaeology Research Project (CARP) is planned to take place in the village of Kelmscott over the next three years. It was hoped that this project would commence with a launch event to be held on the 31st March 2020 at the William Morris Memorial Hall.

Unfortunately due to the situation related to the Covid-19 virus and current government guidance it has been decided to postpone this event.

We will be looking to find a new date for the speaker, Professor Carenza Lewis, who was due to talk at the launch event, to come to Kelmscott. Her experience of running similar projects will provide fascinating and valuable insights into what we are hoping to achieve.

At the current time we are still hopeful that we might be able to start some of the planned activities this year, but we are keeping this under review and will do our best to keep everyone informed about our plans.

Duncan Coe
Head of Exeter Office
Cotswold Archaeology
